

**Student Clubs and Organization External Private**  
**Fundraising Approval Form**

**To Club or Organization Solicitor:** The Office of Annual Giving needs to review and approve all private external fund raising events and activities to make sure they meet the education-exemption criteria and make sure all policies and procedures are met.

The Internal Revenue Service (IRS) requires that specific disclosure language must be included on all materials promoting a fundraising event, and on tax receipts sent to donors. The Office of Advancement Services can assist you in creating this statement, which can vary for each event and is important for maintaining accurate gift records. Advancement Services can also assist in the appropriate cash handling and gift processing procedures for events.

Please submit this form to Office of Annual Giving (U-SU 102) prior to developing any materials to publicize, sell tickets for, or seek corporate sponsorships for a fundraising event or activity. All promotional materials will also require the approval of the Office of Communications and Public Affairs, prior to being printed or produced.

**Is the Club/Organization soliciting a  Gift or  Sponsorship?** (With a gift, the company gets nothing in return, just a tax deduction if the funds are used for an educational purchase. With a sponsorship, it implies that the donor is receiving something in return for their gift, a quid pro quo and that value must be deducted from the net contribution to determine tax-deductible amount. If the sponsor is only receiving recognition, and it is not considered advertising, there may not be any value to net out of the original payment.)
